

## **Application to run a Slalom Ranking Competition**

Competition application is now an online process hosted on <https://www.canoeslalomentries.co.uk/>. You will need to login to complete the application form which should be straightforward and there are additional help screens to assist you.

Calendar application is two parts, an initial “short form” which provides enough detail to place your event on the on-line calendar, followed post ACM with a request to provide detailed information for publication in the yearbook and online. All competitions are immediately published on the online calendar and this gives an early indication of potential race clashes and the opportunity to negotiate with other organisers at the earliest opportunity.

Application deadlines are:

- Premier/Division 1: 1<sup>st</sup> May 2020
- All other Divisions: 1<sup>st</sup> July 2020
